It is quite an easy to use tool that has very clean GUI with great features. I like it very much, the best thing is it is free! [URL= here![/URL] I have been using this tool for a while now and the result is super accurate. I found this tool by accident when I was looking for an ISO burner (to burn Windows 7 Ultimate ISO on a flash drive but unfortunately it didn't work as promised). I've been trying different tools but none of them have what this tool has. This tool doesn't ask you for any type of key, it just asks for the ISO image file and based on the ISO image file it will create the bootable usb for you. Make use of this tool to burn Windows 7 ISO images onto USB flash drives or DVD discs.
